(Footnotes to table 4)

---

a/ In conformity with decision 80/30, paras. 4 (a) and (b), and decision 84/16, para. 10, final IPFs for 1982-1986 have been established at 55 per cent of the illustrative IPF, except as noted in decision 83/14, section VI, para. 1, which establishes the final IPF at 80 per cent of the illustrative IPF for those countries to which the supplementary criteria were applied during the third programming cycle and whose illustrative IPFs are $1.5 million or less.

b/ In accordance with decision 88/31 A, an additional amount of $490 million was distributed between country and intercountry IPFs. Country IPFs are shown at 100 per cent of the amount available in accordance with decision 90/3.

c/ These countries have relinquished their 1987-1991 IPFs.

d/ These countries have partially or wholly relinquished their 1977-1981 IPFs.

e/ Includes $20,000 from the fourth cycle operational reserve in accordance with decision 85/16, para. 5 (c).

a/ The information contained in this table is provisional since final figures were not available at the time of publication.

b/ The data in this table is based on projects financed from the indicative planning figures, Special Programme Resources, Special Measures Fund for Least Developed Countries, Special Industrial Services and cost-sharing.

c/ This column includes all experts working on projects financed from sources mentioned in a/ above. It also includes experts who were members of firms and organizations working under subcontract to the participating and executing agencies, as well as operational assistance (OPAS) and associate experts. Note that totals in this column differ from the corresponding ones in table 8 because some experts had more than one assignment during the year concerned.

d/ This column includes fellowship awarded from projects financed from sources mentioned in a/. It also includes participants in seminars, training courses and related projects. Note that totals in this column differ because some fellowship awards called for study in two or more countries.

a/ The information contained in this table is provisional since final figures were not available at the time of publication.

b/ The data in this table are based on projects financed from the indicative planning figures, Special Programme Resources, Special Measures Fund for Least Developed Countries, Special Industrial Services and cost-sharing.

c/ Includes all experts, international and national, who worked on projects financed from sources in b/. Aside from experts fielded by executing agencies, experts who were members of firms and organizations working under subcontract to the participating/executing agencies and associate experts are also included.

d/ This column includes fellowships awarded by projects financed from sources in b/. It also included participants in seminars, training courses and related projects. Note that the total in this column differs from the corresponding column in table 6 because some fellowship awards required study in two or more countries.

e/ Included new subcontracts awarded in 1989 as well as net additions to subcontracts awarded in previous years.

a/ The information contained in this table is provisional since final figures were not available at the time of publication.

b/ The relationship between the UNDP-assisted projects and the reported investment commitments is classified into three categories as follows:

CATEGORY A relates to reported investment commitments for which the UNDP-assisted projects carried out micro-type pre-investment studies such as identification studies, pre-feasibility studies, feasibility, studies, final engineering and design, for one or more specific investment project/programmes;

CATEGORY B relates to reported investment commitments which resulted from UNDP-assisted macro-type studies, such as general area or regional planning studies, sector or subsector and development studies, natural resources surveys and master plans;

CATEGORY C relates to reported investment commitments for which the UNDP-assisted projects are providing technical co-operation support, such as assistance in the execution and supervision of reported investment projects and the training of required technical staff for the reported investment.
